

## BEACH WEDDINGS

A tropical breeze. Sea gulls squawking. A colorful setting sun. Sand between your toes. The one you love ready to commit the rest of your lives together.

Many couples are opting for a romantic beach wedding and Navarre Beach provides the perfect setting.

More than 500 couples have said “I do” in the past five years at Navarre Beach in weddings organized and coordinated by Tropical Beach Weddings. Services range from intimate ceremonies attended only by the bride and groom to larger events with dozens of family and friends.

With just 12 miles of sugar white beaches tucked between the Gulf Islands National Seashore and a state park, Navarre Beach offers an unhurried and uncrowded atmosphere perfect for beach weddings.

Tropical Beach Weddings, located on Navarre Beach, offers packages that range from a simple ceremony for \$599 to an elaborate \$10,000 affair. Summer is the busiest time for beach weddings, but ceremonies can be performed year-round.

Adventures Unlimited Outdoor Center in northern Santa Rosa County also offers destination weddings. Here, couples can experience a different kind of “Beach Wedding”, one that is situated on a sugar-white sandbar along Coldwater Creek. Located in the heart of the Blackwater River State Forest, guests can choose a range of amenities and accommodations from the romantic Schoolhouse Inn to primitive tent camping. Adventures Unlimited features on-site catering for receptions.

The Riverwalk in Milton is another popular wedding site. A meandering boardwalk fronting the Blackwater River gives couples a romantic backdrop for a simple ceremony.
